The Country's Finances

[illegible] war [illegible] Union [illegible] wealth at a time when we are [illegible] so costly [illegible] into great debt [illegible] contribution the productive wealth of a generation or two to come. But the recuperative power of our country is very great. All the material elements of production exist within it and whatever is destroyed can be restored with a facility not known among the peoples who have been compelled to bear burdens equal to our own. But though we possess these great advantages we shall emerge from this war much poorer than we were when it [illegible] [illegible] a popular [illegible] that the [illegible] during a great [illegible] evidences of [illegible] prosperity [illegible] England [illegible] close of her great conflict with Napoleon, [illegible] When the present war ends our condition will not be so bad as was that of the English people at the termination of their struggle with Napoleon, both because our debt will not [illegible] probably be nearly so large, and because the great advantages our country possesses for the production and increase of wealth [illegible] degree shared by England.

To carry on war two things, men and money, are required. Of men we shall have enough, for the people [illegible] the country shall be saved, and the patriotic purpose of the people has never before been so strong as now. Of money there has been procured, so far, a sufficiency for the wants of Government. The question of finance has, however, been an [illegible] one from the commencement of the war. It will probably be one of increasing difficulty for some time to come. Financiers hold different theories in regard to a remedy for our depreciated currency. But on one point there is [illegible] All concur in saying that the volume of currency ought to be diminished as speedily as possible. Experience has at last furnished convincing proof of the fact that military failures or successes have little influence on the price of gold. The value of that commodity is regulated by other and perfectly intelligible causes. Its scarcity compared with the great abundance of paper currency for which it is to be exchanged, shows the true cause why it is held at so high a rate. In other words more paper has been issued than sufficed for the business of the country conducted on a specie basis. A redundant currency taken in connection with the depreciation of public credit incident to great a war, will account for the high price of gold.

The enemies of the Government attempt to [illegible] its credit by asserting that the great magnitude of our public debt will render certain its repudiation. For repudiation, it is easy to show there will be no necessity, even though the present debt be doubled. In twenty years our population will be twice as large as now. If our wealth continues to increase in the same ratio as heretofore it will be nearly quadrupled in two decades. A public debt equal to that of England at the close of the year 18[illegible] and it is extremely improbable that our indebtedness will ever be equal to what hers was at that period—would not now oppress our people as hers were burdened then; and besides such are the unlimited physical advantages possessed by our country that we may reasonably suppose our resources capable of being multiplied almost indefinitely. Maugre all the ominous, malevolent predictions of the prophets who have a secret sympathy for the rebellion there is no occasion for any other than a cheerful view of the whole matter.

Sherman's Future Operations.—The last advices from Sherman's army indicated that up to that time it had reached Cape Fear river some distance above Wilmington. After effecting a junction with Schofield Sherman will probably move toward Raleigh. From Fayetteville the point on Cape Fear river which it is supposed Sherman is aiming at it is sixty miles to Raleigh. The distance from Raleigh to Petersburg is one hundred and twenty miles. The rebels have hitherto been unable to offer any considerable opposition to Sherman's advance. If they cannot prevent him from proceeding northward he may compel the evacuation of Richmond before his army comes near that place.

The [illegible] the New Orleans [illegible] paper which [illegible] opposed secession [illegible] which afterwards [illegible] and to the [illegible] was on the reclamation of New Orleans for a time suspended. Afterwards it passed into other hands and became an earnest advocate for the Union and for freedom in Louisiana. The paper now presents many evidences of growing prosperity. The present proprietor says the affairs of the office were greatly deranged when he took the paper in hand, but that its prospects for permanence and success are now [illegible] the most sanguine hopes he held at the time he commenced its publication.

Butler and Soulé.—The New York [illegible] rejoices greatly over the removal of Butler [illegible] devotes much space to a review of his career. Butler and Pierre Soulé were delegates to the Charleston Convention. Butler became a Breckinridge partisan and Soulé was a strong friend of Douglas [illegible] a strong Union speech [illegible] New Orleans [illegible] Afterwards Butler became ruler of that place at the head of the Union army [illegible] rebel [illegible] Rather [illegible] sentiment.

Seizure of the Steamer Pacific.—The steamer *Pacific* was seized yesterday at this city by Collector Adams, for the violation of the U. S. Revenue laws. On her last trip to this place, she carried in a quantity of opium, valued at about five thousand dollars, which did not appear on her manifest, and which, in fraud of the law, was concealed in order to avoid the payment of legal duties. This opium was found on her last trip by inspectors appointed by the Collector, but before she could be seized, she sailed for San Francisco. On her return to this place on Saturday last, Collector Adams followed her from Astoria, and his arrangements having been completed, he apprehended her yesterday. She was then taking in her cargo. This work was for a time interrupted, but on the assurance of her Agents that the required bonds would be given, she was permitted to receive freight throughout the day. Bonds were required by the U. S. Attorney in the sum of $25,000. It is understood that they will be filed to-day. If so, she will sail for San Francisco this evening. The penalty for carrying smuggled goods, is the forfeiture of the ship so employed. The case will be investigated at the next term of the U. S. District Court.

National Banks.—The discovery of that supposed-to-be currency in our city last week, led us to inspect at Ladd & Tilton's a few very handsome "notes" issued by the National Banks of the United States, of which there are at this time some six hundred in operation in the East. The bills of all these banks are of the same character exactly, except the name of the institution issuing them, which is substituted in the plate. There are various denominations, however, each of which are different in respect to its worth. The $5 bill has a large picture upon the back representing the landing of Columbus; the $10 bill has a picture representing De Soto discovering the Mississippi; the $20 bill has a representation of the baptism of Pocahontas. Every bill, of no matter what denomination, carries with it the penalty for violation of the acts of Congress in cases of counterfeiting, which is provided for by fine and imprisonment.

A Moral.—A word of words followed the remark of a stranger yesterday, as he witnessed an anxious "store"-keeper run eagerly out of the street-door and take a look for the safety of his samples occupying the sidewalk. The remark was a very simple one—merely "Watch your Goods"—and certainly contained a wise injunction *i. e.* if there were thieves about. As to the style of its delivery, we are not informed; but apprehend there was something in the *manner* which cast a suspicion over the mind of the vender that it was not so much in caution as ridicule, and hence he opened up on the passing stranger. The moral to this little story is brief, and the force will be appreciated by all who witnessed the scene yesterday. "Every man has a right to 'tend his own business and prosper." We presume then, it is safe to say those who do not never will.

Can't Decide.—We hear many in our city who are *en route* for the northern mines, frequently discussing and wondering what portion of the country would be the most profitable to them in the upper region: and it is not to be wondered at, as our mines are so rich and extensive that it would puzzle the most experienced to decide what point is the best for a fortune, and many are the speculations in regard to this matter; nevertheless, many new discoveries have been made during the past year, and are still being made all through the mountains, opening up the richest country, as it were, extant, and it matters but little what course a person takes,—east of the Cascade mountains—he certainly will "bring up" in some rich mining camp, where there are scores of opportunities for a just remuneration of their labors. Come on, "there is land enough, don't be alarmed."

Steam Revenue Cutter for the Columbia.—Early in the last session of Congress, Representative Cole, of California, made application to the Treasury Department for a Steam Revenue Cutter to be sent to the Pacific coast. The Department had several, but none of those at the service of the Government could carry coal sufficient for the longer trips required of such a vessel on this coast. The *Alta* correspondent says there was one building at Baltimore, however, of larger capacity—about six hundred tons burden; and that vessel will be sent around as soon as completed. She will carry a very formidable battery, and will be a match for almost any pirate which may appear here, or on the way here. She will be sent direct from Baltimore to the Columbia river, under command of Lieut. White, formerly, we believe, of Astoria.

Gone from our Gaze.—A somewhat romantic youth by the name of *M. Sellers*—by-the-way, a pretty good Sell in himself—has managed to *live* in Portland on a very small capital (*borrowed*), for about two years. He had numerous friends, who have invested from $5 to $20 stock in his "operations," and lately he has incontinently bilked them all by a sudden departure. The cause assigned for his abrupt leaving, we understand to be the fact that officers were on his track for stealing clothing from Saml. Buchtel, Photographer, 89 Front street.

Petroleum.—A rumor was in circulation last summer, to the effect that petroleum had been discovered in the vicinity of Astoria. But little has since been said on the subject, yet as the petroleum fever has badly broken out in California, and extended to Washington Territory, parties who are in the interest of Oregon, propose to trace the discovery at Astoria to some profit the coming season.

Beef for San Francisco.—The last trip of the steamer *Pacific* from this port to San Francisco, was made an experiment in a beef speculation. Several hundred weight of fine fat beef dressed, was shipped, and sold in the carcass at 20 cents per pound, which is a better price than choice steaks generally bring in Portland. The same steamer, leaving this evening, will carry a large lot of fat beef—killed and dressed yesterday by Mr. Johnson.

Spice and Coffee.—There is no reason why, with Messrs. Marden & Folger, and Messrs. Hudson & Williams in our city, dealers should send away from home to obtain their supplies of coffee and spices. We know, from personal experience, that the former gentlemen put up a better article of coffee than can be found among importations, and the latter firm will give any one undoubted evidence of their ability to fill an order in good style, for spices, &c.

Shipping Stock.—The steamer *Wilson G. Hunt* yesterday morning carried to the Cascades, from this city, 100 head of fat sheep, 17 head of hogs, 30 horses, and a number of cattle. In addition, there was a large passenger and freight list. Parties just from the upper country, advise us to recommend those who contemplate visiting the mines, not to start under a week, as there will be much trouble with snow.

Lecture of Mr. Wolf.—The lecture of Mr. Leopold Wolf, being the second of the course, before the Ladies' Christian Commission Society of this city, will be delivered at the Presbyterian Church this evening. A good attendance is desired. Mr. Wolf is capable of delivering a very excellent lecture—and the subject he has chosen—"Schiller, Germany's illustrious poet," is one that speaks volumes for its interest.

"The Cabinet Organ."—Prof. H. Sinsheim, of the Music and Piano Store on Front street, has laid upon our table a copy of the Boston publication of the above name. It comes cheap—being mailed free to any one desiring it—and besides, containing all the various matters relating to Mason & Hamlin's Organs, of which Mr. S. is sole Agent for Oregon, and has a variety of good reading.

Orchard Trimmings.—We observe very many of our citizens engaged in trimming their orchard-trees, but would suggest that the street is a wrong place to deposit the brush.

Theatrical.—Notwithstanding the bad weather yesterday, there was an excellent turn out at Willamette Theatre last evening on the occasion of the benefit of Miss Belle Douglas. To-night the California Minstrels give a grand entertainment at the Theatre. See advertisement.

Steamer from San Francisco.—By private telegraph we learn that the steamer *Oregon* will leave San Francisco for this port direct, to-day at noon.

The *Pacific* will leave for San Francisco at four o'clock P. M. to-day.

Ferrell's Black List Corrected.

Editor Oregonian:

Sir: I wish to state through your paper that Mr. Wm. Ferrell's statements are not true, and are calculated to mislead the public. He says I sold him a horse some time ago that I warranted *good and sound*, which is not true. I sold Ferrell a horse that was still necked and told him so at the time, and that the horse could not thrive in living on grass, because he could not get his head down easy to eat. No man could have seen and bought the horse without knowing the defect, if the man was not blind. The horse would have been worth $[illegible] if he had been all right. As the horse was, he was a good work horse, and Ferrell never complained of him previous to being published.

In the year 1864 Mr. Ferrell had dealings with me to the amount of several hundred dollars, and on the 21st of May, 1864, his account was as charged him on my books; Cash, $50 00; One Horse, $140 00; One yoke of Steers, $[illegible]; making a total of $[illegible]. On the 11th of March, 1865, he made out his note as a balance due me on account for the sum of (about) $128 00, and sent it to me duly stamped. Soon after he sold me a half [illegible] calf at $[illegible], for which I gave him credit on the note. On the 8th of February, 1865, he sent me word that he had the money ready to pay the note. I went after it, was well received by him, and he pretended to be very sorry that he did not know I was coming, as he had lent his money, so that he could not pay it then, and wanted me to leave the note so that he could pay it, and, on the 10th of February, 1865, the balance due on said note he paid in Greenbacks at par, which balance was for the principal and interest due on said note and not on the account of said horse, as he has stated.

Now, I wish to make him the following proposition: If he will have an affidavit made out by a good Union man, and published in your paper, stating that he ever paid me $[illegible] on account as he says on said note, I will pay the expense thereof and if he will publish a correct copy of said note with interest on the Gold, I will pay that expense also. GROVER & BAKER!

THE FLORENCE

NEVER HAS RECEIVED

A PREMIUM

OVER ANY

FIRST, SECOND OR THIRD CLASS

Sewing Machine!

We have already published the fact that the GROVER & BAKER SEWING MACHINE was awarded the HIGHEST PREMIUM at the Oregon State Fair, and it was denied by the agent of the Florence Machine. We have given the affidavit from the President of the Society, and [illegible] of the five ladies who composed the Committee, the agent of the Florence replies that his statements and affidavits are of a later date than ours, and ours are [illegible] a FABRICATION. Now [illegible] [illegible] [illegible] [illegible] [illegible] Mrs. Griffin [illegible] [illegible] [illegible] SHE WAS UNFAIRLY MISREPRESENTED IN THE MATTER, AND DATED JANUARY [illegible]. [illegible] Mrs. Miller [illegible] [illegible] [illegible] *to the President* [illegible]

"The Agent finding that he could not maintain his charge of fraud and of obtaining the Premium by the SPECIAL COMMITTEE, CHANGES HIS BASE by taking into his aid a REGULAR COMMITTEE, WHO WERE NOT INSTRUCTED TO EXAMINE SEWING MACHINES AT ALL, but MACHINE WORK.

In answer to the statements of N. O. PARRISH and MRS. CHURCH, we append the Statement of FACTS made to J. W. J. PIERSON and MRS. P. E. ROGERS, parties who are both neatly well and favorably known in [illegible].

Statement.

[illegible] Grover & Baker Sewing Machine at the last Oregon State Fair [illegible] that the whole statement of the agents of the Florence Sewing Machine, and of N. O. Parrish, the agent at Salem, and of Mrs. E. C. Church [illegible] [illegible] [illegible] grossly exaggerated [illegible] without foundation in anything approaching truth.

It has always been customary for the President of the Society to appoint a *Special Committee* to act upon Sewing Machines, [illegible] Mr. Parrish was aware, and consulted with us on the subject on the first day of the Fair. This Special Committee was appointed as has been shown by Judge Thornton's affidavit, and examined and reported on both machines, *and neither committee did examine officially* or report on either. Immediately on the decision being announced, the *Blue Ribbon* significant of the first premium was attached to the GROVER & BAKER Machine by the clerk, and the report read by the President in the presence of Mr. N. O. Parrish, agent of the Florence, and Mr. J. W. J. Pierson, agent of the "GROVER & BAKER." The statement of Mr. Parrish that the decision could not be ascertained until after the close of the Fair is simply ridiculous under the circumstances. The exhibition of our machines was conducted in the most honorable manner, and the remarks of Mr. Collins, traveling agent for the Florence, that "they had expended $1,000, and would expend another $1,000, if necessary, to obtain the premium," was a satisfactory evidence to his hearers that money and not merit was what they relied on for victory. The First Premium was awarded to the "Grover & Baker" Machines, and was universally known during and after the Fair.

J. W. J. PIERSON,
MRS. P. E. ROGERS.

So much for "affidavits," and there the question of the Premium at the Oregon Fair rests. We have the Report, giving Grover & Baker the First Premium, in our possession, properly authenticated; also, all the affidavits necessary to substantiate it, and open to the inspection of any interested party.

The agent of the Florence Machine further oversteps the mark, and puts in a statement which betokens either an ignorance or a wilful and malicious falsehood. He says: "To be beaten, however, by a chain-stitch machine which, when exhibited in honorable competition with ANY lock-stitch machine, as has been shown by records of previous Fairs, HAS BEEN MORE FREQUENTLY CLASSED AS SECOND OR THIRD RATE THAN OTHERWISE, would be a disgrace indeed." Now we CHALLENGE Mr. Hill to show, in the first place, that the "Grover & Baker" is a CHAIN-STITCH MACHINE, and in the next, to name ANY State or County Fair, during the past four years where a shuttle or mismatched lock-stitch, has not been beaten by the GROVER & BAKER, when in competition, and the premium awarded us, and further, that he will not and *cannot name any one premium which the Florence Machine has ever received over any First, Second, or Third Class Machine in existence.* For his enlightenment on this point we append a FEW of the Fairs at which the "Grover & Baker" was NOT classed second or third rate (?) BUT DEFEATED ALL OTHERS DURING 1864, viz:

OREGON STATE FAIR!
ILLINOIS STATE FAIR,
MICHIGAN STATE FAIR,
WISCONSIN STATE FAIR,
PENNSYLVANIA STATE FAIR,
QUEEN'S COUNTY, N. Y., FAIR,
WESTCHESTER COUNTY, N. Y. FAIR,
CAYUGA COUNTY, N. Y. FAIR,
FRANKLIN CO., N. Y. FAIR,
ORANGE CO, N. Y., FAIR,
SCOTT COUNTY, IOWA, FAIR,
MONTGOMERY COUNTY, PENNSYLVANIA, FAIR.
MONTGOMERY COUNTY, OHIO, FAIR.

For the enlightenment of the Agent of the Florence we would state that J. QUINN THORNTON, THE LATE PRESIDENT OF THE SOCIETY, *IS THE MAN WHO DID NOT BLUSH TO SWEAR TO FACTS CONTAINED IN THE CARD,* advertised by mistake of the Printers as J. L. THORNTON, and that the discrepancy in the statement of Mrs. Howe is a similar error.

Of the personal application of a portion of his advertisement we [illegible] newspaper [illegible], having on our part taken the initiative in personalities, we have no desire to continue them, efficiently before the public through the columns of a newspaper, but retract nothing we have [illegible] and hold ourselves personally responsible for the same.

We will [illegible] "testimony" Mr. Hill is [illegible] take, and assure him that neither [illegible] [illegible] wise will [illegible] acknowledge, [illegible] that his statements are an imposition upon the public, and that his course relative to the Oregon Fair and its award to the GROVER & BAKER machine is an outrage upon honorable competition. We trust that the next time he has recourse to [illegible] in competition at any Fair he will be able to give, in the [illegible] of which he was unable [illegible] even with his *expensive* [illegible] to the Salem Fair. The only drawback [illegible] will not be in the FORCE which represents [illegible] which will [illegible] stand on equal ground with any first class machine in existence. The GROVER & BAKER is too worthy of favorable success [illegible] from Mr. Hill as "Second Class" [illegible] with the public [illegible].

"BEST IN USE."

A NEW COMMITTEE APPOINTED

BY

The Conspirators!

WHEN THE

REGULAR COMMITTEE FAIL TO ANSWER THEIR PURPOSE,

But with no better Success!

STATE OF OREGON, }
Marion County, } ss.

The undersigned, Mrs. Elizabeth C. Church, of Salem, Oregon, states as follows: On the second day of the late State Fair held at this place, I, together with Mrs. Cochran and Mrs. Gray, were appointed by the Managers of the Fair the regular Committee to examine and award premiums on the articles on exhibition in Class 9 of the Fair, in which class the Sewing Machines were entered, and we entered upon our duties as such Committee.

Among other things in this class we examined the Grover & Baker and the Florence Sewing Machines then on exhibition, and WE UNANIMOUSLY AWARDED THE FIRST PREMIUM TO THE FLORENCE MACHINE.

After our Award on the Sewing Machines became known on the third day of the Fair, another—a Special Committee of Five—was appointed by somebody to examine the Sewing Machines, of which appointment we were not informed until we made ready to submit our awards in writing, and then we declined having anything more to do with the matter.

ELIZABETH C. CHURCH

The above named Elizabeth C. Church, personally appeared before me, and being duly sworn to tell the truth, says the statements which she has subscribed are true.

J. CASTON, Notary Public.

Salem, Oregon, January 6, 1865.

WE HAVE MRS. CAPT. COCHRAN'S AFFIDAVIT, WHICH IS THE SAME AS THE ABOVE.

STATE OF OREGON, }
Marion County } ss.

The undersigned, N. O. Parrish, makes the following statement: I am agent of the Florence Sewing Machine at Salem, Oregon. I was aware of the appointment of Mrs. Church, Mrs. Cochran and Mrs. Gray, by the Managers of the late State Fair at Salem, as the regular Committee on Sewing Machines, but never knew the award of said Committee until Judge Thornton had selected a Special Committee on Sewing Machines.

I then objected and protested by that the appointment of [illegible] committee as being discourteous to the regular Committee, and that it was [illegible] and [illegible] to do so, and informed him that two of the members of the new Committee were owners of the Grover & Baker machine. I protested that it was unjust to the Florence to appoint persons known to be prejudiced in favor of the Grover & Baker. He [illegible] replied by telling me that "he would do as he pleased in the matter." It was long after the close of the Fair before I could learn with certainty whether the latter Committee really decided in favor of the Florence or not, the records of the Fair being in such confusion. I have used the utmost diligence to publish the facts at the earliest possible period after learning them.

N. O. PARRISH

Sworn to and subscribed before me, this 14th day of January, 1865. Witness my hand and official seal.

J. CASTON, Notary Public.

We append the affidavits of the three ladies who are a majority of the last Committee of Five. They are the only ones of said Committee who are not owners of [illegible] [illegible] the Grover & Baker Machine before the appointment. At the time we published [illegible] they were not sworn to, which is now the case, and the oath was taken at a later date than the contradictory statements published by the Agents of the G. & B. Machine purporting to have been made by them, [illegible] of all so published by them [illegible].

[illegible] After a careful examination of the Sewing Machines and Machine Work on exhibition, and a long consultation, it was finally decided and agreed by the Committee, TO AWARD THE FIRST PREMIUM TO THE FLORENCE MACHINE AS THE BEST MACHINE FOR DOING ALL GRADES OF WORK, and a premium to the Grover & Baker Machine for embroidery, and the Committee's report to such effect was made to the President of the Fair, Judge Thornton, who wrote out the report and read it to the Committee as above stated, four of whom signed it, we all concurring, the other member of the Committee having been called away. The above is a true statement of the Committee and their final decision.

MARY A. HOWE.

STATE OF OREGON, }
County of Multnomah }

Personally appeared before me, the undersigned, a Notary Public in and for said County and State, Mary A. Howe, [illegible], being first duly sworn says the above statement is true, as she verily believes.

In witness whereof I have hereunto set my hand and affixed my notarial seal, this 4th day of November 1864.

[Notarial seal] [illegible]

Notary Public, Multnomah county, Oregon.

STATE OF OREGON, }
County of Linn, }

I certify that the above statement, I being one of the Committee mentioned, and that the same is true to the best of my knowledge and belief.

EMILY C. [illegible]

Subscribed and sworn to before me this 15th day of December 1864.

JAMES ELKINS,
County Clerk, Linn county, Oregon.

I was one of the five ladies composing the Committee for the examination of Sewing Machines at the late Oregon State Fair, and am the party referred to above as having been called away before signing our Report. I hereby say that the above statements are true as to the decision of the Committee.

MARY MILLER

Albany, Oregon, December 14, 1864.

STATE OF OREGON, }
County of Linn }

Mary Miller, the person making the above statement, being duly sworn, says said statement is true to the best of her knowledge and belief.

Subscribed and sworn to before me this 6th day January, 1865.

JAMES ELKINS, County Clerk.
By A. F. Wheeler, Deputy Clerk.

Portland, January 20, 1865.

I certify that I am Corresponding Secretary of the Oregon State Agricultural Society, that the original copy of the Report of Committee on Sewing Machines of the Fair of 1864, has never been out of my possession more than 30 minutes since I received it from the Board of Managers, and that J. W. J. Pierson (Oregon Agent for G. & B. Machines,) told me in Portland he had written to S. P. May of Salem for a copy of it, and that, subsequently, three weeks after the publication by the Agent in San Francisco, that he had it in his possession, further that I am in no way interested in the result of the decision of the Committee, or in the final result of the investigation, except as an officer of the Society.

[illegible] M. WAITE,
Corresponding Secretary O. S. A. Society.

Subscribed and sworn to before me, this 20th of January 1865.

LEVI ANDERSON, J. P.,
Multnomah county, Oregon.

The Grover & Baker Agent has made use of the name of J. L. THORNTON to show that Mrs. Howe's statement was incorrect, and goes on in the most positive manner! We do not know who this J. L. THORNTON is. We are not willing to believe however J. QUINN THORNTON is the man, for he would blush to swear to such contemptible matters. J. L. Thornton's affidavit does not show, however, that Mrs. Howe was not right in her statement of the facts "that after a long consultation, it was finally decided and agreed by the Committee to award *the First Premium to the FLORENCE Machine as the best Machine for doing all grades of work,* and a Premium to the Grover & Baker Machine for Embroidery," but says her report was, that "it was finally decided and agreed by the ladies present, to award the first premium to the Florence Machine, for embroidery, etc.," which she never did say, but that they awarded the First Premium to the Florence Machine as the best Machine for doing all grades of work, *and a Premium to the Grover & Baker Machine for Embroidery.*

We trust it will not be supposed from our efforts to prove the justice of our claim to the Oregon premium that we esteem the premium there or elsewhere, over such a competitor, of any value; to be beaten, however, by a chain-stitch machine, which, when exhibited in honorable competition with ANY lock-stitch machine, as shown by the records of previous Fairs, *has been more frequently classed as second or third rate* than otherwise, would be a disgrace indeed.

The instances are numerous where the Agent of that machine has attempted unfair advantages to obtain premiums which he knew could be taken in no other manner. For proof, refer to any one of the San Francisco Sewing Machine Agents.

The developments in the Salem matter show to what perfection long practice and experience in such transactions have brought him. It is certainly amusing to follow the details in this deep-laid, premeditated and wicked plan.

The Agent of the Grover & Baker Machine selects a distant point for the field of his operations, hoping by distance to cover the means used to accomplish the fraudulent end in view; he selects a time also when we were engaged exhibiting the Florence at two other Fairs, which would prevent our giving it much attention at a third Fair. With the President of the Fair apparently pledged to award him the premium, if a Committee could not be selected who would do so; in fact, with every arrangement made beforehand that would seem to make a failure impossible, he finally ventured to place his Machine in competition with the FLORENCE. The result was such as all who know the two would anticipate—a more than disastrous defeat to the unscrupulous champion of the chain-stitch machine.

The facts in relation to the transaction at Salem, now being exposed, are known to too many for the Agent of the Grover & Baker machine to make a successful denial of them. We have hardly begun to "take testimony" yet. The investigations now commenced will be carried forward until every particular in relation to the fraud is exposed, unless the Agent of the G. & B. machine by [illegible] otherwise acknowledges the truth in the case.

Duty to the Florence will compel us to do this, and while we invite a full and most thorough investigation we trust no one will make a statement for or against us that they cannot fully substantiate if called upon to do so. We say this not to intimidate, but simply that the plain truth, and only that may be given.

We would suggest to the Agent of the G. & B. Machine that as we are not skilled, even if we had the inclination, in the [illegible] and personal abusive style of writing, apparently so much his forte, that he should refrain from it in future as calculated to cover and obscure the real facts in the case.

That the Florence is a substantial and reliable machine, easily understood and operated, doing the heaviest or finest work, and requiring scarcely no change to be made for anything, all who have them testify.

More than one thousand have been sold on this coast, and we do not know of one that is not giving perfect and entire satisfaction; if there is one not doing this, no matter how distant it may be, if the owner will notify us, it will be attended to without any expense whatever to the party.

Instruction will be given free to any one who wishes to learn to use the Florence, or who wish to [illegible] its merits, whether they wish to purchase or not.

HOSTETTER'S

CELEBRATED

STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and other secretive organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a hard, healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its general effects, bodily and mental, they are a positive specific.

A Word to the Aged!

In the decline of life, the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters.

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females:

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlivens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

BEWARE OF COUNTERFEITS. Purchase only of reliable dealers. Sold everywhere.

Cure Your Cold, Save Your Lungs.

NEWELL'S PULMONARY SYRUP

HAS

CURED THOUSANDS!

And it will Cure You!

"A Cough" is generally the effect of a Cold, which has either been taken lightly, treated or entirely neglected. When it proves obstinate there is

Always reason to fear the consequences,

as this shows a weakness of the lungs, and is often the forerunner of Consumption.—Buchanan's Domestic Medicine.

STOP THAT COUGHING!

Some of you say, and we pity you. "You" have tried every remedy but the one presented, by its intrinsic merit, [illegible] many experiments you have made of trashy compounds foisted on the public as a certain cure, but

NEWELL'S

Pulmonary Syrup!

Is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of persons in California and Oregon have been already benefited by its surpassing curative powers.

WHAT KILLED HIM?

Dr. Hall, in his Journal of Health, speaking of the death of Washington Irving, asks the above question, and adds: "He might have remained with us for some years to come, had it not been for advice, kindly intended, no doubt, but given in thoughtlessness and heedless ignorance."

He Had a Cold!

Which, by some sign from his prescription, had been converted into asthma. Let me say to Dr. Hall that that prescription was not

NEWELL'S PULMONARY SYRUP.

KEEP IT IN THE HOUSE, use it freely, give it to your children upon the slightest indication of a Cold, and you will thank and speak of it as all do who have become acquainted with its merits.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

Notice.—Any person pretending to sell Plantation Bitters in bulk or by the gallon, is a swindler and impostor. It is put up only in our log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.

Great Injustice!

THE ATTENTION OF THE BUSINESS COMMUNITY is again called to the

OLD GREENBACK CASE!

HAVING BEEN COMPELLED TO ACCEPT OF LEGAL TENDER NOTES AT PAR, in December 17th, 1862, for the rent of my Handsome Brick Store, corner of Morrison and Front streets, I feel compelled to announce for the benefit of the public at large, that

Jacob Mayer

leased the building of me on the 17th day of February, 1862, for a term of years, at which time there was no such currency in vogue, and it was understood the terms were CASH. Since the date above stated I have received the depreciated currency regularly, under protest for the rent of the

CITY OF PARIS STORE,

Making less than two-fifths of the real amount said Mayer was to pay. He had secured the building at very advantageous rates, and even were he to strictly comply with his contract, and pay in COIN, would be getting the best bargain in the city. I make this statement to show the public what kind of a man he is, who takes such undue advantage of the times to convert a few dollars to himself by LEGAL SWINDLING. The public can readily see what it costs to have such tenants. G. W. VAUGHN.

ALLEN'S LUNG BALSAM!

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS,

Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD, heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION. IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price $1 per bottle.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above-mentioned, and also—

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease in any way connected with the disorder or disease of the Procreative Functions. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified and built up. Well may the celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom, of an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor.—The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGURY AND BURNING
OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

CONSTITUTION WATER,

Males or Females,

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.
